No.26-33E

Change in Appearance of Thermistor Cables for Linear Servo Motors

Thank you for your continued patronage of the Mitsubishi Electric AC servo system.
The appearance of the thermistor cables for linear servo motors will be changed to improve obtainability.

1. Target Model

Linear servo motors LM-F series

2. Reason for the Change

To improve obtainability

3. Details of the Change

The printing on the surface of the thermistor cables will be changed.
This change does not affect the functions and performance of the products.

	Part to be changed
Target part	Before change	
After change	

4. Schedule

This change will be made sequentially from the December 2026 production.
There may be cases where both the former and new products exist in the distribution stage.
